

DUBUQUE, IOWA. A Community Rallies Against Winter's Blast. Armed with caulk guns, insulation and neighborly concern, 225 volunteers from the Dubuque Area Weatherization Challenge worked to “keep the weather outside” on *Make A Difference Day*. They repaired and insulated 70 homes of elderly, disabled and low-income residents, making the homes warmer and more energy-efficient for the coming winter.

Teams of volunteers included executives, retirees, Scouts, casino employees, nuns and even Mayor Roy Buol. Many hugs were shared. “Creating connections with our neighbors is the best part,” says co-organizer Laura Roussell.

\$10,000 Make A Difference Day Award from Newman's Own goes to Operation: New View Community Action Foundation.

The picture shown is the write-up which was on display at the banquet April 14. Tom Stovall, Executive Director, and Laura Roussell, Operation: New View Community Action Agency board member attended the banquet and accepted the award!
